Elevate to Educate is a community initiative led by The Junior League of Norfolk-Virginia Beach (JLNVB). Its purpose is to improve the learning environment for elementary students in Hampton Roads. We believe that by elevating schools in need we can create a lasting impact for students, staff, and surrounding communities.

Each year, one elementary school in South Hampton Roads will be adopted as our Elevate to Educate school of the year. This involves two years of programming, beginning with a complete school makeover. Throughout the first year, members of the Elevate to Educate team will work closely with school leadership to craft a makeover plan unique to the adopted school. This plan will be brought to life over the span of a school year. Members of JLNVB along with the help of volunteers from the Hampton Roads community, will elevate the school through landscaping, painting interactive and educational murals throughout school common spaces, and revitalizing the school playgrounds.

Following the school makeover, JLNVB will engage with school administration and staff to develop meaningful programming, and host special events focused on promoting JLNVB's signature issues of childhood literacy and women's health. These programs will be customized to the school's needs and interests. Programs may include but are not limited to: hosting read alouds with local children's authors, providing new books to the library and students, creating interactive bulletin board displays, supplying a period pantry with first period packs for young female students and hosting an International Day of the Girl celebration.

To be considered for Elevate to Educate, a school must be a Title 1 elementary school in South Hampton Roads. **The school principal must sign and submit this application to [elevatetoeducate@jlnvb.org](mailto:elevatetoeducate@jlnvb.org) by 5pm on Monday, April 4, 2022.** All applicants will be notified of the decision by Monday, May 9, 2022.
